

RhinoClean™

PRODUCT DATA SHEET

DG2200™ Mesh Degreaser

Description

- A biodegradable degreaser.
- Non-abrasive fabric treatment that acts like a wetting agent for use on all synthetic and wire screen mesh.
- Provides an even sheeting of water for complete uniform stencil adhesion.
- Improves film lamination and bonding of direct photo emulsions
- Use before each stencil preparation.
- Can be used alone or mixed 1:4 with water.

Directions

1. Wet screen thoroughly.
2. Spray DG2200™ in a uniformly applied pattern working from top to bottom.
3. With a soft nylon bristle brush, scrub both sides of the mesh.
4. Rinse off with water.

It is the responsibility of the screen printer to test the product; review the MSDS prior to use to evaluate whether or not the product is correct for the application intended.
